

CanAI Brand Guide v1.0 - April 2025

"Empowerment Through Ease."

1. Brand Essence

Mission: Operationalize AI for small businesses with zero setup friction.

Tagline: Empowerment Through Ease.

Positioning: Not just prompts - a strategy engine for modern founders.

Tone: Emotionally intelligent, professional, direct, empowering.

2. Logo Usage

Use logo in Core Blue + Teal gradient.

Minimum spacing: 24px around wordmark.

SVG preferred over PNG.

Place on white/light/dark blue backgrounds.

Avoid stretching, skewing, or recoloring the logo.

3. Color Palette

Core Blue (#3A69E0) - Buttons, headings, CTAs

Accent Teal (#26D9C1) - Highlights, icons

Midnight (#1E1E1E) - Text, dark backgrounds

Silver White (#F5F5F5) - Backgrounds, cards

Error Red (#EF4444) - Error states

Success Green (#10B981) - Confirmations

4. Typography

Font: Inter

Heading 1: 36px, bold, Core Blue

Heading 2: 28px, medium

Body: 16px, regular

Buttons: 14px, bold, all caps

5. Visual Style

Rounded corners (xl, 12px-16px)

Subtle shadows (md)

Grid-based layout, padded sections

Mobile-first design principles

1-2 callout colors per layout

6. Tone of Voice

Strategic: "Here is your plan to grow with zero setup friction."

Empathetic: "We have got your back. This next move will feel simple."

Direct: "Hit send. Go live. Own your outcome."

Avoid robotic tone: Don't say "Your output is complete."

7. Prompt Tone + Messaging

Use markdown with headers and bullet lists.

System prompt: You are an elite AI strategist. Speak with clarity, depth, and emotional intelligence.

Avoid calling it a tool. You are a partner.

8. Logo + Assets
